## BALI WOOD

### BAKOVEN

This home away from home has stunning sea views from almost every window and is right opposite Bakoven Beach - literally a few steps away from soft sand in between the toes, ice cream cones, sandcastles and surf. Camps Bay's trendy restaurants, beach and shops are located within walking distance.

Enjoy the refreshing sea breeze, whilst relaxing amongst the scatter cushions in the lounges super-soft couches, or indulge in some soothing tunes on the hi-fi whilst admiring the full sea view during a bit of pleasant conversation with friends.

The dining room's round table is ideal for social suppers, to which the sea view from the lounge window will add a touch of holiday ambience. The kitchen boasts all the necessities such as a dishwasher, microwave, washing machine and tumble dryer.

All four bedrooms have en-suite bathrooms with either baths or showers. Each bedroom has built-in cupboards, attractive bedside tables with reading lamps and wall-to-wall carpeting. One allocated parking bays in the private garage, situated below the apartment with direct access into the complex, provide further security for vehicles, and there is a convenient guest toilet off the sizeable entry hall. This modern apartment features under floor heating for a cosy stay in winter.
