

## POSEIDON'S VIEW

This well-sized apartment, situated on the second floor of a secure complex, is stylish yet comfortably furnished and has the beautiful views of the ocean that are an essential ingredient in a memorable Cape Town holiday.

It sleeps four in comfort, and is conveniently located a mere few minutes' drive from Camps Bay beach, where a leisurely stroll along the popular stretch of sun-drenched sand with an ice cream cone in hand is an experience that should not be missed.

Other major attractions just a short drive away are the Cable Car, for an unforgettable trip up Table Mountain, and the ever-popular V&A Waterfront with its many shops, restaurants and entertainment venues. The parking bay and single garage is located within the safety of the complex. Enjoy a braai with family or friends at the shared braai area, or take a dip in the communal swimming pool and make some new friends.

Don't forget to go armed with floatable toys, towels, sun block and oodles of good cheer for a special fun time.

The lounge also has a stunning vista of the ocean and a ceiling fan to cool those warm summer days, as well as comfortable couches upon which to sprawl while watching satellite TV or DVDs on the large, flat screen TV. The open-plan dining area boasts yet another lovely outlook from the adjacent window to enhance an excellent meal at the smart round glass-top 4-seater dining table.

The two bedrooms have easy-on-the-eye decor and come with ceiling fans, built-in cupboards and bedside tables with reading lamps so that a good book may be enjoyed. The master bedroom's floor-to-ceiling windows offer the ultimate view along with a double-sized bed and convenient hairdryer.

The en-suite bathroom has a separate shower and a Victorian-style bath that blends impeccably with the modern furnishings and makes long soaks in a bubble bath with a glass of Cape wine a must.

The second bedroom has twin beds, a heater, and an attractive view from the windows. A separate, shared bathroom has a fabulous glass corner shower.

The modern, open-plan kitchen boasts the same beautiful view of the ocean that can be seen from the lounge windows, and is equipped with all the modern necessities for a hassle-free holiday, including a microwave oven, and tea and coffee-making facilities. Bar stools on the lounge side of the kitchen counter allow for quick breakfasts on the run, to ensure that not a moment of sightseeing is missed. There is also the added benefit of wireless internet access throughout the property.
