

TRANQUILITY

Tranquility is an apt name for this property. A sense of peace and serenity pervades the property, and there can be few things more relaxing than listening to the waves breaking on Camps Bay beach from your lounge, or lounging next to the peaceful fish pond, to escape the midday heat. The property has been decorated with many beautiful Asian artworks, which add to the tranquil feel.

Every aspect of this property is amazing. The superb sea views, the exquisite flow of the living areas, the immaculate design (by one of South Africa's leading architects) and the beautiful collection of artworks and artifacts that adorn the walls and displays throughout the property.

One accesses the property via an elevator that comes up directly from the entrance or from the garage. The street level of the property is for the garage. The first floor houses the bedrooms, and the upper floor is the living area. Take the elevator up to the upper floor and it opens up into a very open and spacious living area. Long glass sliding doors can be opened to create a fantastic indoor/outdoor area, and you can enjoy the sound of waves breaking on Camps Bay beach, from the comfort of your own home.

These glass doors can also be opened at the back of the property, on to a small fern-fringed courtyard area, which enjoys plenty of shade. Here you can enjoy the peace and quiet in the shade, next to an elegant Fish pond. The upstairs living area is a large open plan area, and it comprises of a kitchen (with a scullery that can be screened off), a large lounge and an outdoor lounge and pool deck. A formal lounge with incredible views come off of this open plan area.

The kitchen is immaculately designed, and thoughtfully appointed, and every need is catered for, whether you are a Cordon Bleu chef, or you simply want to heat up leftovers. The lounge has a large flat screen television, AV system with an ipod dock and the villa has wireless internet of 1gig free. Thereafter more can be purchased.

On the lower floor, each of the bedrooms are en-suite, and two enjoy fantastic views of the Atlantic Ocean and the Twelve Apostles. The other has its own private garden with steps leading up to the pool area. Each bedroom is very comfortable, and each has its own en-suite bedroom with bath and shower. The main bedroom has a double bathroom shared by one big shower.

This property is truly spectacular. It is ideal for the discerning traveller, who does not want to compromise on comfort or quality. Come to Tranquility and enjoy life at a slow, serene and luxurious pace.
