

THE SPA VILLA

Words will not be able to capture the true essence of this incredible property... Think out of the box, think highly unusual, think totally different... Then think of large open unrestricted spaces, a blending of home and nature, pristine verdant greenery contrasted by indigo blue waters.... The Spa Villa is a truly one of a kind!

A beautiful and breathtaking blend of wooden structure, water features and windows which allow the untouched nature of the Hout Bay mountainside to sooth your sights - The Spa Villa will provide anyone who stays here with a holiday of a difference. Dominated entirely by the water features which epitomise this unusual accommodation, The Spa Villa is all about escape - escape and relaxation.

To the front of the villa is a massive swimming pool, which is 3 metres deep and seamlessly flows from the decking, linking into the internal Jacuzzi pool which lies within the lounge area of the villa. This then links to the rear swimming pool which is for children, as it is more shallow. If you follow the stairs to the ground floor of the villa, there is a full spa centre all for your own private use. This quiet sanctuary looks through huge glass windows into the front 3 metre deep swimming pool, providing a soothing and calming experience as you enjoy any of the following facilities - the steam room, the sauna or the saline floating pool. What more could one ask for of a holiday villa?

From the living areas there is a staircase to the upper level where two of the tree bedrooms are found. These two bedrooms are mirror images of each other, both minimalistic modern furnishings, extra large king size bed and gorgeous views from floor to ceiling glass windows. Both bedrooms have beautiful large en-suite bathrooms. Cushioned between these two bedrooms is a massage room with massage bed, and the management of the villa will be able to provide you with a recommended spa service to be booked with your stay. The third bedroom is accessed externally and offers spacious private accommodation.

The Spa Villa is an amazing architectural masterpiece which provides guests with a truly relaxing holiday escape from the stresses and pressures of everyday life. Being high up on the Hout Bay hillside, with undeveloped mountainside behind the villa, this luxurious accommodation is peaceful and tranquil, a special Cape Town retreat worthy of your visit. It will be an unforgettable experience.

Cape Villa Collection
