## SEASONS FIND - THE BAY

This pristine apartment is nestled below the Sunset suite and provides you with the ideal opportunity to do whatever you please, whilst on holiday in the Cape. With the waterfront and city bowl only of few minutes drive, you are perfectly positioned close to the bustle of the city life, yet distant enough to relax and forget all.

The quaint kitchen allows you to conjure up any delightful meal when not experiencing the fine dining of the Cape. But if you are not in the mood for either, order in and relax in the comfortable lounge which flows onto the balcony over looking the postcard view of Camps Bay beach.

The furnished wooden deck with its gas barbeque invites you out into the fresh sea air where you may bare witness to that perfect African sunset. Agreeably served best with a glass or three of the Cape's finest wines or a tall flute of Champaign.

The bedroom en- suite is tastefully lightly decorated with an air conditioning climate control unit helping create that perfect sleep-in mornings.

Within a 150 meter proximity, you are closely located to the many restaurants, cafés and bars which light up the Camps Bay strip. Become a socialite by night or sit back and enjoy the moon's silver reflection across the Atlantic... the choice is yours!

Allow Seasonsfind- The Bay to be your holiday nest, helping create those unforgettable moments etched in your memories.
