

Cape Villa Collection

15 Views House – Camps Bay, Cape Town

Sleeps	6	Pool	Private Rim-flow Pool
Bedrooms	3	Views	Sea Views, Mountain Views
Bathrooms	3	Beach	500m

Details

This magnificent villa was designed by leading architect John Jacobs as the ultimate beach villa. It has fabulous views across Camps Bay and the 12 Apostles, being particularly amazing at night as the sun sets with a glass of champagne, from the massive entertainment deck and rim flow pool, or Jacuzzi.

The lower levels interiors cleverly combine contemporary finishes with natural wood and have created massive spaces for contemporary living. The kitchen caters for breakfast, lunch and supper feasts and has a separate scullery/laundry.

The villa has 3 luxurious bedrooms all en-suite. Hassle free parking on the property is priceless in this neck of the woods especially when the rest of the world walk for miles to get near the beach.
