

SEASONSFIND - THE SUNSET

Seasonsfind - The Sunset is an immaculate two-bedroom apartment with what is probably the best view of Camps Bay beach anywhere in the suburb.

If you're looking for the perfect lifestyle residence; strolling 20 m to the beach, a huge variety of cafes and restaurants within a stone's throw, and some of Cape Town's premier nightlife within walking distance, then this is the location for you.

But location is not everything that you get with Seasonsfind - The Sunset. You also get a beautiful wooden deck with unbelievable views spanning from Lion's Head to the north, over the expansive Atlantic, through to the majestic Twelve Apostles mountain range to the south. This is the ideal deck for a summer sun downer, and early morning breakfast and coffee with the sound of the waves, or just a long lazy day on the sun lounges.

The décor of the apartment is both modern and practical. Designed with the holiday visitor in mind it has everything that you could want for in a vacation apartment.

When sitting in the lounge you feel like you're sitting on a boat. The beach and the Camps Bay promenade disappear out of sight, and all you can see is ocean all the way to the horizon. It really is a magical feeling.

Seasonsfind - The Sunset is a fantastic holiday apartment for anyone who wants to experience the heart and the heat of Camps Bay. There is no better place to see this fantastic suburb, and city, from.
