

BANTRY BAY VIEWS

San Michele is an usual Cape Town villa as its perched on the mountainside, on a corner of Victoria Road, which is the beachfront road that runs through Bantry Bay, Clifton and Camps Bay. Because of this positioning almost jutting out from the mountainside, this villa has a feeling of being suspended over the ocean, almost as if you're on the front of the Titanic! It offers really beautiful panoramic sea and coastline views and a lovely oceanfront experience.

The villa itself is spacious and double storey, with the living areas found on the first level, which flow out onto the large wooden deck and swimming pool area. All of these spaces enjoy the fabulous sea views which surround the property. The accommodation is provided by 3 bedrooms which are on the upper level, again all offering sea views. The master bedroom is particularly spacious and romantic, with incredible sea views from the bedroom and en-suite bathroom.

San Michele is within walking distance of Clifton or a very short drive to the beaches if you prefer. Alternatively, for a delicious breakfast or sumptuous cocktail, Salt Restaurant and Bar are just down the road. All in all a stylish, very spacious 3 bedroom luxury villa offering enjoyable Cape Town accommodation with breathtaking sea views, San Michele is a delightful choice.
